

MARINE SYSTEMS, INC.
Ed Riester
7 Westside Dr., Asheville, NC 28806
828-254-5354
ed.riester@airmsi.com | www.airmsi.com

Marine Systems, Inc. has manufactured exceptional air control products for the marine and boating industries since 1977. Our products start at the HVAC unit and distribute conditioned air through to the finished grilles. With virtually unlimited choices in quality wood-framed grilles, our proprietary plastic-frame grilles or our new aluminum-frame grilles, designers will be pleased. With our many functional ducting products to deliver conditioned air to our grilles, engineers and installers will be happy. With your decision to specify MSI products, your end-users will be thrilled.

OBX BOATWORKS
Brad Flater, President
2100 E Kivett Dr., High Point, NC 27260
336-878-9490
obxboatworks@gmail.com | www.obxboatworks.com

Outerbanks Boatworks and OBX Boatworks located in High Point, NC have partnered to offer the consumer the finest Wood and Composite Carolina Boats in the industry. OBX Boatworks is the Composite division and OuterBanks Boatworks is the wood division, both building our proven designs. OBX constructs Composite Carolina boats built upon our years of experience and real world testing that has built Outerbanks Boatworks into the success it is. Each OBX or Outerbanks product you select to build will give you the finest ride and the best efficiency in the industry. OBX is offering fiberglass models from 24 to 37' in Express, Center Console or Walkaround models.

PAUL MANN CUSTOM BOATS
Paul Mann, Owner
6300 US Highway 64, Manns Harbor, NC 27953
252-473-1716
paul@paulmanncustomboats.com | www.paulmanncustomboats.com

The combination of time tested techniques married with the latest in high-tech materials, technology and processes makes Paul Mann Custom Boats unique. The traditional wood plank on frame construction with plywood overlay provides the core of the boat. Tricel, honeycomb, decolite and foam are just a few of the "newer tricks" that make our boats very light compared to other boats of equal size. But it's the design that allows our boats to perform exceptionally well in all sea conditions, whether a following sea, side-to or head-to sea. And, our boats do not need an exaggerated flair or an exaggerated tumblehome to be a sleek, traditional true Carolina hull.

REGULATOR MARINE
Regulator Marine, Inc.
Liza White, Sales Department
P.O. Box 49, Edenton, NC 27932
252-482-3837
liza.white@regulatormarine.com | www.regulatormarine.com

For 25 years, Regulator Marine has raised the bar time and again in pursuit of the Legendary Ride. We don't cut corners. We don't compromise. We check, test and recheck every square inch of each and every one of our boats, ensuring that you are getting nothing short of marine engineering perfection. Built in Edenton, North Carolina, our boats are tested against the challenging conditions of the Outer Banks and designed with quality, safety and versatility in mind. From the Regulator 23 to the Regulator 345S ... from serious sportfishing to epic relaxation ... it's all about the ride.

SATTLER CORP.
Steve Weiss, Vice President Awning/Marine Sales
447 Main Street, Hudson, NC 28638
Phone 813-855-9035 | Toll Free 866-992-9646
Fax 813-855-9035 | stevenw@sattler-corp.com
www.sattler-corp.com | www.outdura.com

Sattler Corp. is a North Carolina based textile producer and is a subsidiary of Sattler AG, headquartered in Graz, Austria, a fifth generation, family owned company engaged in the manufacturing of fabrics for awning, marine, transportation and other industrial applications. Our marine performance fabric lines, Nautex® and Outdura® are made of 100 percent solution-dyed acrylic, highly water resistant while maintaining a high level of breathability and have the highest degree of abrasion resistance and fabric strength available in the market today. Our marine fabrics guarantee vibrancy and durability through years of use.

SCUBA DO RAG
Suuz Martines
307 West Tremont Ave., Studio C, Charlotte, NC 28203
704-372-5151
sales@ScubaDoRag.com | www.scubadorag.com

The ScubaDoRag™, a quick-drying, stretchable cap, was originally developed for scuba divers for mostly utilitarian purposes and was made of colorful Lycra fabric designed for divers to tame the hair, identify them underwater and provide sun protection on the surface. Also known as Scuba Do Rag, Do Rag, DoRag, Doo Rag, Bandana, Hat, Head Gear and Head Wrap, our products are made of fab, funky spandex fabrics that provide sun and hair color protection. Our patented ScubaDoRag line of products allow the pirate to underwater explorer, chemo patient, runner and fashion forwards to dive into an active lifestyle.

SMOKY MOUNTAIN JET BOATS
Nick Williams
414 Black Hill Rd., Bryson City, NC 28713
828-488-0522
info@needmore.com | www.smokymountainjetboats.com

Customization of the boats is also available.

SPOTLESS STAINLESS
Allen Beckerdite
P.O. Box 1752, Clayton, NC 27528
919-617-1409
allen@spotlessstainless.com | www.spotlessstainless.com

Spotless Stainless provides a simple and effective way to remove rust and the surface iron that causes rust on Stainless Steel and Fiberglass. Spotless Stainless is not a polish and is not abrasive – No Rubbing, No Scrubbing, No Polishing! Brush on Spotless Stainless, wait up to 30 minutes then rinse. Spotless Stainless is designed for 300 series and other grades of Stainless Steel used in marine and architectural applications. Spotless Stainless, the company was formed in 2010 to bring to market a simple, safe, environmentally friendly product to reduce the cost, effort and time associated with cleaning and protecting stainless steel.

SUNBRELLA
Bill McDaniel, Marine Market Manager
1831 North Park Ave., Glen Raven, NC 27217
704-472-8212
bmcdaniel@glenraven.com | www.sunbrella.com

Even the harshest marine environments are no match for Sunbrella fabric. That's because its rich color is an integral part of the fiber and can't be washed away or bleached out by the sun, rain or chlorine. Rest assured your boat cover will look fabulous nautical mile after mile. Because our fabric is woven for breathability, it doesn't trap heat and moisture, eliminating mildew. Sunbrella fabric also provides protection from the sun so you can enjoy long hours on the water. Our fabrics carry the Skin Cancer Foundation's Seal of Recommendation, giving your family and friends the extra assurance they need.

WATERSHED
Justyn Thompson
2000 Riverside Drive, Suite 7, Asheville, NC 28804
800-811-8607
orders@drybags.com | www.drybags.com

Based on years of experience at raft repair, at Watershed we protect your electronics and expensive items from water and dust during your outdoor adventures in kayaking, rafting, fishing, hunting, sailing, scuba diving, biking, cruising or just going to the beach. We design and construct fully-submersible, airtight drybags with a patented a waterproof closure system without equal that can be submerged or left in standing water. The bags use an air-holding fabric that would withstand years of abrasion, UV exposure, temperature extremes, and possible exposure to fuels and chemicals. Radio frequency waves are applied to all seams under intense pressure, creating a fused bond that will never come undone.

WILLIS CUSTOM BOATS
A.J. Willis
1270 Harkers Island Rd., Harkers Island, NC 28531
252-728-6054
williscustoms@yahoo.com | www.willisboatworks.net

Willis Boat Works is a unique builder of Custom Carolina Yachts building only the highest quality, beautiful lines, seaworthy and gratified Carolina bow for a Custom Carolina Sport fishing Yacht, Express, Charter, Party, or Pleasure boats ranging from 20 feet to 80 feet. There is no mass production with no more than 3 boats at a time to increase the attention to detail of each project with each built to the customer's specifications. Hulls of boats are traditionally built, Juniper framed and strip planked, fastened with Epoxy and stainless steel fasteners. Method of construction insures strength and also light in weight.

Glenn Jackman (919) 607-0773
gjackman@nccommerce.com

ALBEMARLE BOATS, INC.

Ted Haigler, Vice President of Sales
140 Midway Drive, Edenton, NC 27932
252-482-7600
thaigler@albemarleboats.com | www.albemarleboats.com

Albemarle Boats, Inc., headquartered in Edenton, North Carolina, produces twelve boat models ranging in length from 24 to 41 feet. Founded in 1978, the company has grown into a highly regarded builder of offshore sportfishing boats known for their rock solid construction and smooth, dry ride. It is easy to see that every Albemarle has been thoughtfully designed by people who fish. While never swaying from our total commitment to the principles of superior craftsmanship and 100% customer satisfaction, Albemarle has spent 35 years tirelessly working to enhance and improve our boats in the pursuit of delivering to our customers the finest sportfishing boats in the world.

BAJA MARINE

Carol Price
1653 Whichards Beach Rd., Washington, NC 27889
252-975-7017
cprice@BajaMarine.com | www.bajamarine.com

The secret of Baja's incredible success lies in nearly half a century of employee dedication, research, technology, experience and a natural flair for designing and constructing boats that surpass the highest standards to find the perfect relationship between horsepower, weight and drag — all to produce total speed under control. In 2012, Baja came under new ownership with the sole purpose of returning the line to its rightful place in the performance boat world. We are driven to produce the performance, style and quality that our customers have enjoyed since 1971.

BAYLISS BOATWORKS

John Bayliss, Owner

Chafe-Pro® currently protects the lines and hydraulic hoses of more than 95% of the US Coast Guard Fleet and almost 50% of the US Navy. Other customers include NOAA, Military Sealift Command, Canadian Coast Guard, Chevron Shipping Co., Crowley Maritime Corp., Foss Maritime Co., Maersk Lines Ltd., McAllister Towing, Moran Towing, OSG America, Seacor Marine, Seabulk Tankers.

DRY CASE

Cory Heim, Co-Founder
349 Military Cutoff Rd., Wilmington, NC 28405
910-791-0009 ext 100
coreyh@drycorp.com | www.drycase.com

Dry Corp, LLC has over 10 years of experience in the medical industry with a high quality surgical rubber sleeve that fits over casts, bandages, Ostomies, PICC lines and prosthetics, offering complete waterproof protection. Its patented vacuum seal assures that a cast or bandage will remain dry, even when submerged in water. The gang at Dry Corp figured if they could keep an important surgery site, cast or PICC line dry they might be able to use the same technology on electronics for waterproof body protection products.

ELLA VICKERS RECYCLED SAILCLOTH

Trisha Montgomery, Sales Manager
311 Judges Rd. 2-H, Wilmington, NC 28405
843-830-6888
trisha@ellavickers.com | www.ellavickers.com

Ella Vickers Recycled Sailcloth recycles all types of sailcloth and turns it into fabulous products. We recycle remnants from sail makers (pre-consumer) and we reclaim and recycle over 20K yards a year (post-consumer) that have sailed all over the world. Our collection is the most refined & quality built on the market. They are Green/Eco Friendly, Urban Chic, and Ocean Durable. All items are handcrafted in the USA using yachts sails from around the world. Inspired by her days of sailing as first mate on a classic Americas Cup winner, Ella made herself a set of bags from a discarded sail. The durable and sophisticated designs reflect the nautical lifestyle with crisp white Dacron Sailcloth and hi-performance Kevlar Sailcloth.

ERD

Tom Robinson, Vice President
705 Indeneer Dr., Kernersville, NC 27284
336-992-3611
tom@erdltdinc.com | www.erdltdinc.com

ERD is an engineer-owned electronic repair company serving customers in over 60 countries. We have been repairing simple boards, complex systems, and unsupported units since 1995 for 5,000 satisfied customers and over 40,000 units repaired that were manufactured by thousands of original equipment manufacturers across most industry sectors. Our confidence in the quality of service we provide is demonstrated by the longest warranty in our industry of TWO YEARS. We are proud to support the major players in the cruise industry and the marine industry.

GENERAL BOATS

Stan Spitzer
114 Midway Dr., Edenton, NC 27932
252-482-4372
Stan@Rhodes22.com | www.rhodes22.com

General Boats draws on the collective brilliance of Phil Rhodes and Ten Eyke for the Rhodes 22 sailboat. Phil Rhodes, the great granddaddy of sailing design - for hull shape and Ten Eyke Associates of Wichita, famed for hands-on engineering and industrial design in the aircraft industry. With this we also have a recycle program for reinventing used boat. The Rhodes 22 sailboat has been described as having "a history of detail improvements and some innovative thinking" and "the perfect family cruise sailboat."

GRADY-WHITE BOATS, INC.

Doug Gomes
5121 Martin Luther King Jr. Highway, Greenville, NC 27834
252-752-2111
sales@gradywhite.com | www.gradywhite.com

Established in 1959, Grady-White Boats builds a variety of the highest quality saltwater-tough boats. Grady-White creates the best in center console, dual console, express and walk-around cuddy cabin offshore sport-fishing and coastal family boats from 18 to 37 feet (5.49 m to 10.97 m) at its state of the art boat manufacturing facility in Greenville, NC. Grady-White provides the ultimate in versatility, ease of use, comfort, safety, convenience, and boating satisfaction. We have been recognized for the highest level of excellence in customer satisfaction in every third party study ever done in the marine industry.

GUNBOATS

Peter Johnston, President
829 Harbor Road, Wanchese, NC 27981
252-305-8700
peter@gunboat.com | www.gunboat.com

Over 12 years ago, we set out to create the safest world cruising sailboat that could be conceived. TRIBE launched, and pioneered a new high performance cruising catamaran segment. With rugged high tech structures, breakthrough ocean-going designs, and luxurious interiors, word of our work quickly spread. For fun, a Gunboat raced the largest sailboat in the world in the TransAtlantic Race, and won. About 2 million sea miles have been sailed by Gunboats. Gunboats are engineered to round-the-world racing standards. Race boats are pushed far beyond any cruising boats, yet are a fraction of the weight.

HARRISON BOAT

Patrick Harrison, Managing Owner
952 Old Wharf Road, Wanchese, NC 27981
407 W. Lakeside Street, Nags Head, NC 27959 (mailing)
252-473-0161
harrisonboatworks@embarqmail.com

Harrison Boatworks creates affordable custom boats of all types, including custom Carolina-style sportfishing boats, shallow-draft tunnel skiffs, flats skiffs and more, ranging in size from 15 feet to 65 feet, all with well-proven design characteristics. Owner Patrick Harrison has 20 years of experience in designing, lofting and boat building and all aspects of watercraft maintenance. He enjoys working with clients to create their ideal boats. A lifelong woodworker, he especially enjoys crafting custom salon doors, teak helms, teak covering boards and combing, helm and fighting chairs, consoles, cabinets and furniture. Harrison Boatworks also handles major repowers, interior work, paint jobs and all custom fabrications from top to bottom. The company is conveniently located in Wanchese, NC, on the Outer Banks and has easy access to haul out.
